

## Sharing Recordings outside of your modules

From time to time, you may want to share recordings outside of your module. In order to do this you need to set specific permission settings on your recordings on the media server.

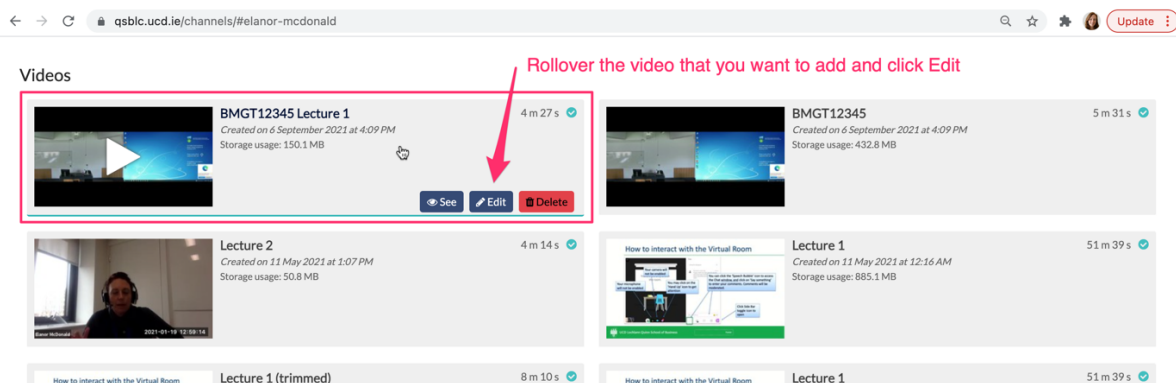

If you are not already logged in to the media server, go to <https://qsblc.ucd.ie> and click log in. Enter your username and password.

In the top right, click your name and select *My channel*.

Scroll down to the video you want to share and select *Edit*.

Navigate to the *Permissions* tab. Set the *Non authenticated users* permission to *Yes*. Save your changes.
